Trusted family history resources
for your community

Offered exclusively by **EBSCO**

About MyHeritage Library Edition

Containing over 6 billion historical records from the United States and across the globe, MyHeritage Library Edition enables libraries to provide their patrons with the best genealogy research experience available. Our smart search features will help members of your community make incredible discoveries and break down walls in their research. Featuring remote access to our entire database and a mobile friendly interface, MyHeritage Library Edition is the most convenient and user-friendly genealogy product for institutions, perfect for patrons of all ages and levels.

About MyHeritage

MyHeritage is the leading destination to discover, share and preserve your family history. As technology thought leaders and innovators in the space, MyHeritage is transforming family history into an activity that's accessible and instantly rewarding. Trusted by millions of families, its global user community enjoys access to a massive library of historical records, the most internationally diverse collection of family trees and ground-breaking search and matching technologies. MyHeritage empowers families with an easy way to share their story, past and present, and treasure it for generations to come.

Key Features

Remote access

Patrons of libraries subscribed to our remote access service can access the vast MyHeritage database from the comfort of their own home.

Full U.S. Census

MyHeritage is proud to present the complete index of all U.S. Censuses from 1790 to 1940, including fully indexed document images.

International databases

As a global website, MyHeritage is proud of its ever growing international archive of records and documents.

Mobile friendly

Patrons can comfortably do research on smartphones, tablets, and desktop computers.

Exclusive databases

MyHeritage offers exclusive collections not found anywhere else, including more than 1.5 billion names in family trees.

Record Detective™

Once you find a record, we will show you additional relevant records for that person or of related individuals.
